Draw the 8th shape

Draw the 8th shape

Patterns with 2D shapes

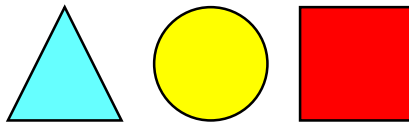

1 Draw the shapes to represent the following patterns:

a Square, circle, square, circle ...

b Triangle, rectangle, triangle, rectangle ...

c Square, circle, triangle, square, circle, triangle ...

2 Create your own patterns using the shapes below.
You must use each shape at least once.

2 Find the next shape in the sequence.

Draw the 10th shape

Draw the 10th shape

Patterns with 2D shapes

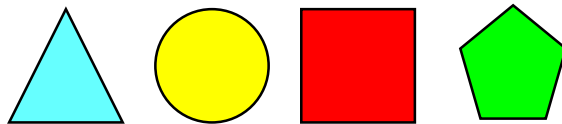

1 Draw the shapes to represent the following patterns:

a Square, circle, triangle, square circle triangle ...

b A pattern using only triangles.

c Shapes with more than 4 sides.

2 Create your own patterns using the shapes below.
You must use each shape at least once.

2 Find the next shape in the sequence.

Draw the 10th shape

Draw the 12th shape

Patterns with 2D shapes

1 Draw the shapes to represent the following patterns:

a Square and two different types of triangles.

b Patterns with shapes with more than 5 sides.

c Patterns of triangles with different orientations.

2 Create your own patterns using the shapes below.
You must use each shape at least once.

Answers - Patterns with 2D shapes

1 Draw the shapes to represent the following patterns:

a Square, circle, triangle, square circle triangle ...

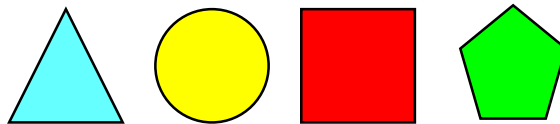

b A pattern using only triangles.

Any suitable pattern drawn.

c Shapes with more than 4 sides.

Any suitable pattern drawn.

2 Create your own patterns using the shapes below.
You must use each shape at least once.

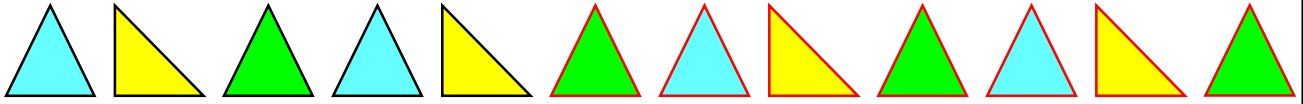

Children will draw their own patterns with the shapes provided.
