

Thursday 10th December 2020

English

Today we would like you to write a story about elves. Read the story starter then think about what may happen next –

- How will Clive sort the problem?
- Will he tell Santa what happened?
- Will they use Christmas magic?
- Could the reindeer help?

When writing your story, try to include all the writing features we have been learning about in school. Look at the writing checklist to remind yourself what they are and for examples.

Maths

It's a day of addition and subtraction today but with a Christmas twist. You need to solve the sums then colour in the square a certain colour depending on the answer, when you have finished you will have created a Christmas picture. There are three different pictures to have a go at, if you only wish to do one, we suggest you do the mixed addition and subtraction picture.

Craft

Today we have added instructions and a template for making a very cute felt stocking decoration. If you don't have any felt, don't worry as there is also a selection of origami decorations which only need printing or a Christmas colouring to do.

Story time

Mrs Chambers has recorded a christmas story for you all to listen to today, we hope you enjoy it.

Enjoy your Thursday,

Mrs Chambers and Mrs Edwards x
