

L.O. To solve missing number addition problems

①

$$2 + \square = 5$$

$$4 + \square = 7$$

$$0 + \square = 5$$

$$3 + \square = 8$$

$$1 + \square = 4$$

$$5 + \square = 5$$

L.O. To solve missing number addition problems

②

$$\square + 2 = 6$$

$$\square + 4 = 8$$

$$\square + 0 = 6$$

$$\square + 3 = 9$$

$$\square + 1 = 4$$

$$\square + 5 = 7$$

L.O. To solve missing number addition problems
