

Missing Number Additions

L.O. To solve missing number addition problems.

$$4 + \square = 10$$

$$16 + \square = 19$$

$$7 + \square = 15$$

$$8 + \square = 18$$

$$\square + 6 = 12$$

$$\square + 6 = 20$$

$$\square + 8 = 14$$

$$\square + 9 = 15$$

$$5 + \square = 15$$

$$12 + \square = 22$$

$$8 + \square = 17$$

$$17 + \square = 17$$

$$\square + 10 = 13$$

$$16 + \square = 21$$

$$\square + 3 = 12$$

$$\square + 11 = 14$$

$$10 + \square = 16$$

$$4 + \square = 12$$
