

L.O: To understand place value.

Circle the numbers which have a 2 in the one place.

2 14 22 39 42 89 102

Circle the numbers which have a 5 in the tens place.

5 15 32 54 29 59 150

Write the number below into tens and ones following my example.

27	$27 = 2 \text{ tens and } 7 \text{ ones}$ $27 = 20 + 7$
18	
12	
78	
92
