

Twig Snowflake Craft

You will need:

- Twigs × 3
- String
- White tissue paper
- Glue
- Scissors
- White paint
- Paintbrush

1) Find three twigs that are about the same size.

2) Tie a long piece of string to the middle of one twig.

3) Place this twig on top of another twig so they form an 'X' shape. Wrap the string tightly around the middle of the twigs to hold them in place.

4) Once the first two twigs are wrapped together, put the third twig across them to make a snowflake shape. Wrap the string around the third twig to hold it in place. Secure the string end in place with a tight knot.

5) Paint the twigs white.

6) Cut a rectangle of white tissue paper. Scrunch it up into a sausage, then fold it in half to make a 'V' shape.

7) Glue the 'V' shape of tissue paper to the end of one of the snowflake points.

8) Repeat steps 6-7 as many times as you like.

9) Tie a piece of string to the middle of your snowflake so you can hang it up. Your twig snowflake is now finished!
