

Day 1: Sunday 2nd September 1666

Day 2: Monday 3rd September 1666

Day 3: Tuesday 4th September 1666

Day 4: Wednesday 5th September 1666

On this day most of the damage by the fire was done. Over 13,000 houses were destroyed and 87 churches burnt by the fire including St Paul's.

The Great Fire of London started. It began in a baker's shop in Pudding Lane. A maid forgot to put out the fires and in the night the bakery caught fire.

The fire finally died down after four days. London was destroyed and needed rebuilding.

The fire swept through London because the houses were made out of wood and were too close together.
